

Units of Sound

Units of Sound is an innovative, online literacy intervention programme designed for those aged 8 years and upwards with low levels of English proficiency. It provides a structured, multi-sensory approach, offering engaging activities that focus on:

- Reading
- Spelling
- Memory
- Dictation

Through these activities, learners have the chance to improve their core literacy skills and gain confidence in their abilities.

Who Can Benefit?

Units of Sound is ideal for anyone who needs extra support in reading, spelling, and writing. It's a credible and affordable intervention programme for learners at any stage of their literacy journey.

- Promotes independent learning
- Fills in the gaps in foundational reading skills
- Measures reading fluency to track progress
- A structured, step-by-step programme
- Flexible access – log in anytime, anywhere
